Mason, Feb. 20, 1892.

REPORT OF THE SCHOOL BOARD.

TO THE CITIZENS OF THE TOWN OF MASON:

It is with much pleasure that we submit to you our annual report, for several reasons. First, because our scholars have been able to attend school so constantly, notwithstanding we as a community have suffered much from the epidemic which has prevailed; second, because we have had efficient teachers and the scholars have made *excellent* progress in their studies. We are happy to say, there has been no friction in the school work. Teachers, scholars and parents have all worked harmoniously. We cannot easily credit former flying reports about our bad boys. If there are any such, we have failed to find them. The kindest feeling has prevailed, old grumblers have all disappeared and we hope to have no use for them in the bright future before us.

We are proud to say, we have as good teachers, who have grown up in town, as can be found in the country. Misses Eva and Lottie Hodgman, Miss L. Adams, Miss Hattie Hosmer, Miss Edith Robbins, have all had *excellent* success. We hope they may all be employed as teachers in our schools in the future.

The teachers employed from other towns have all been successful and their efforts have been satisfactory. We have been remarkably fortunate in the centre school in securing the services of Miss Lucie Thompson for the fall and winter terms. The school is large and a large proportion are young, but the teacher had the respect and confidence of all. At the close of the school there were thirty-six visitors who all seemed to enjoy the exercises. We wish to urge the importance of visiting the schools by parents. It is a great stimulus to teachers and scholars. There has been a good number of visitors in most of the schools during the school terms.

We wish to call the attention of the citizens to the condition of the school-houses. They all need some repairing. The house at the Centre is in bad condition and needs quite a sum of money expended

to make it comfortable. We would suggest that the ceiling should be dropped two or three feet. The room is too high for a recitation room; besides, there is too much space to heat. The bell deck is in bad condition and the whole building needs looking over. We hope our citizens will inspect the building before any action is taken in relation to repairs. We regret that the Union school has been suspended the last part of the winter term on account of sickness, and trust the loss the scholars have sustained will be made up to them in future terms, as it is desirable that the children in town should all have equal advantages.

Whole number of scholars who have attended to the different branches: Reading 91, Spelling 91, Penmanship 87, Arithmetic 80, Geography 57, Grammar 31, History 18, Composition 18, Physiology 14, Book-keeping 9, Algebra 3. Number of scholars in each school: No. 1, 36; No. 2, 13; No. 3, 10; No. 4, 9; No. 5, 14; No. 6, 9. Total number in town not less than 5 years old, 89; less than 5 years old, 2; total number, 91.

ROLL OF HONOR.
